Estate Planning & Trusts

Estate Planning & Trusts Clients can control the allocation of accumulated assets both before and after death through careful planning for the distribution of property to family members and others. Treiser Collins deals with the complex network of laws governing gifts, estates and trusts and they use that knowledge to help clients fulfill their short and long-term goals.

Available areas of representation include:

- Will creation
- Establishment of revocable, irrevocable and charitable trusts
- Structure of family limited partnerships
- Estate and probate administration

For clients interested in maintaining management and control of their estate, while at the same time avoiding probate, protecting family members, ensuring their financial privacy, and obtaining peace of mind, the firm offers basic estate plans which include revocable living trusts, powers of attorney, living wills, advance health care directives, children's trusts, and pre-nuptial agreements.
